IMMUNIZATION STATUS – Students must provide adequate documentation of satisfactory immunization status as listed below or by using the following forms:

- Hepatitis B – The School of Nursing strongly recommends that all nursing students receive the Hepatitis B Vaccine. This is to be administered as a series of three injections. The date of each dose is to be recorded on the **Verification of Completed Hepatitis B Immunization** form and submitted to the School of Nursing. The vaccine is also available at the CSU Health & Wellness Services Department. Proof from a physician or health institution of having a positive titer for Hepatitis B is also acceptable.
- MMR (Measles, Mumps, Rubella) –Students must show proof of a **positive titer**. If titer is negative, student must be re-immunized and retested with blood titer results showing immunity recorded on the **Measles, Mumps, Rubella Form**.
    - Rubella also known as German Measles
    - Rubeola also known as English Measles
- Varicella - Students are required to submit proof from a physician or health institution of having a positive titer for varicella (chicken pox) or the vaccination. Proof of immunity must be recorded on the **Verification of Varicella (Chicken Pox) Illness, Immunization or Blood Titer Test Form**.

Please note, if the titer is negative, the physician/nurse practitioner will need to determine follow up as appropriate and provide the School of Nursing with the plan.

- Tetanus-Diphtheria (TDap) - Students must show proof of booster **within the past ten years** from a physician or health institution. If the student is due for a TD booster at this time, he/she should have it **administered at least two month prior to classes**, with the scheduled date of the immunization noted on the form. Proof of immunity must be recorded on the **Verification of Tetanus-Diphtheria (TDap) Booster Form**.
- Tuberculosis Test Results – A negative TB Mantoux/Two-Step Test report or QuantiFERON TB Gold is required for all students admitted to the Nursing Program with a TB Mantoux/One-Step Test or QuantiFERON TB Gold performed and documentation must be sent ANNUALLY via US Mail to the School of Nursing. A physician will determine the appropriate follow-up for positive results. **The results of the TB Mantox Test or Chest X-Ray should be indicated on the TB Mantoux Skin Test or Chest X-Ray Form**.

  The PPD and/or chest x-ray can be administered by your private physician or at the County Tuberculosis Clinic located on the ground floor of the Bell Greve Building at MetroHealth Medical Center, Cleveland, Ohio The telephone number is (216) 778-8305. An appointment is required. The PPD is also available at the CSU Health & Wellness Services Department.
- Seasonal Influenza (Flu Shot) Vaccination - The Centers for Disease Control established the requirement that anyone working in any health care setting must receive a Flu Shot every year. Documentation must be recorded on the **Seasonal Influenza (Flu Shot) Vaccination Form** and submitted by October 15th ANNUALLY to be qualified to continue or begin clinical practicum.
